## THE CITY OF DREAMS

New York is a city where intellect, creativity and a passion for beauty converge for hundreds of years, it has beckoned the brightest minds who come with but a dream.

In 1837, Charles Lewis Tiffany arrived with an idea that would change the meaning of luxury. He created jewelry that captured the glamour and romance of the burgeoning metropolis. His craftsmanship and gemstones were beyond compares. It wasn't long before his emporium became the world's favorite jeweler.

Today, Tiffany jewelry continues to reflect the dynamism of New York City. A place where anything can happen and everything is possible. A place where dreams come true.
